TRANSPORTATION

Mobile Medical Unit

Battisti Customs' mobile medical units are equipped with custom designed laminate cabinets with Corian® tops, medical grade exam beds, ultra soft-touch materials, high-gloss wood, plumbed restrooms, and all the luxury quality materials used in every Battisti Customs unit. Medical units are available on a variety of manufacturer chassis.

Mobile Office

Mobile offices have proven to be one of the best time management tools for people on the go. Battisti's mobile offices offer work stations, swivel seating, fold-out tray tables, restrooms, kitchenettes, refrigerators, microwaves, luxury wood-grain accents and upholstery. Battisti produces its luxury, commercial line of mobile offices on multiple platforms.

Mobile Prenatal Unit

The Battisti Customs' prenatal unit is purpose built and has a luxury interior with a modern, inviting and comforting atmosphere. This unit is equipped with direct HDMI port connection for the ultrasound machine of your choice to be displayed on a 32" smart TV. Seating, walls and exam bed are hand-upholstered in durable, soft-touch material and all units come complete with a state-of-the-art electronic system.

Mobile Botox® Unit

Battisti Customs' mobile Botox® units are equipped with custom-designed laminate cabinets with Corian® tops, medical grade exam beds, ultra soft-touch materials, high-gloss wood, refrigerator, freezer, show style cabinets for item display, using all the luxury quality materials produced in every Battisti Customs' unit.

Cruise Master

The Cruise Master is the ultimate in weekend travel for couples who prefer to stay in hotels as they travel the country. The finest amenities are included to get away in luxury, style and class. The Cruise Master is equipped with ultra soft-touch power seats, smart audio/video electronics, restroom, refrigerator, microwave, high-gloss, wood-grain accents, fold-out bench to chaise lounge and wood floors.

Mercedes-Benz® Sprinter Bus

Battisti Customs' Sprinter Maximus Equipt measures 6" longer x 10" wider x 9" taller in its interior dimensions than the largest Sprinter van on the market. The design utilizes lightweight, anticorrosive materials to ensure vehicle longevity. Maximum capacity is easily achieved while still providing a larger aisle and a spacious interior.

G2.5

The G2.5 from Battisti boasts the most refined luxury Sprinter interior in the livery market. Amenities include; the quietest and most efficient 66,000 BTU ducted AC/heat system in the Sprinter market, top end electronics warranted by industry suppliers, luxury soft-touch materials on top quality, custom made seats, high-gloss, wood-grain accents, Maybach ceiling, and a large capacity bar.

Mobile Gaming Unit

Battisti Customs produces the ultimate in mobile gaming units. The Sprinter comes fully equipped with a premium sound system, front and rear touch screen, Apple TV, and programmed iPads to operate functions of the vehicle. Wireless internet, multiple 42" and 46" LED TVs with custom cabinetry for Play Stations, XBOX 360s and Nintendo Wii, high-gloss wood accents and a large capacity bar add to this mobile gaming experience.

Limo Bus

Battisti Customs produces luxury conversions on multiple platforms including Mercedes Sprinter vans and cutaways, Ford Transit vans and cutaways and the Dodge ProMaster. They also perform a variety of limo and specialty upfits for various bus manufacturers, including an exclusive agreement with Berkshire Coach. Battisti combines luxury interiors with a

perfectly designed interior layout and unmatched lighting combinations for corporate or party clients. Other interior features include top end electronics, luxury soft-touch materials on top quality, custom made seats, high-gloss, wood-grain accents, and a large capacity bar, making Battisti the highest quality interior upfitter in the industry today.
